

## SKILLS BOOTCAMPS IN DATA ANALYTICS

Skills Bootcamps are free, flexible courses of up to 16 weeks, giving you the opportunity to build up sector-specific skills.

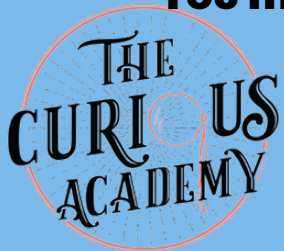

Designed to give you in-demand data skills, whilst working on real life projects, with industry experts to bring the content alive. We work with you to secure a job interview at the end. Skills Bootcamps are part of the Government's Lifetime Skills Guarantee, helping everyone gain skills for life.

### Your Time Commitment

16 weeks part time with blended learning;

- Three hours per week in-person learning at The Curious Lounge in Reading
- Three hours virtual live session per week
- Additional self paced learning with 50 hours access a month to The Curious Lounge whilst studying

**You must be able to commit to the full 96 hours learning**

## Course Outcomes

As part of the course you will learn;

- Extracting data
- Data cleansing
- Data analysis
- Dashboards & data visualisation
- Story telling with data
- Problem solving & critical thinking

You can choose to specialise in specific areas, examples being Tableau, Excel/Google Sheets or SQL or become proficient at all three. You will also work on a portfolio project using real data to showcase your skills to prospective employers.

## Who is eligible for a free place?

- Anyone who is aged 19 or above
- Unemployed, economically inactive, self-employed, or working part-time and seeking a new career in data analytics.
- Individuals who have the right to work in the UK.
